Insight

## Press Release

### A successful year for Insight

Insight Human Resource & Management Consultancy (Insight), established nearly twenty years ago with offices throughout the UK but with a head office just outside of Horsham in West Sussex, has announced an increase in turnover and profit for their last trading year and as a consequence six new staff appointments.

Insight, recognised specialists to delivering a matrix of human resource based consultancy services to both the public and private sectors, has throughout provided consultancy through directly employed staff preferring not to use associates.

In announcing the new appointments alongside the financial outturn, Insight's Chief Executive, Richard Purchase said; "We have a unique and successful business model that relies on top quality, directly employed staff. We strongly believe that consultancy is best delivered by skilled staff developing sustainable relationships with our clients and building on a platform of quality provision that is at the heart of all our service offerings."

More information about Insight can be found on our web site [www.insight-hr.co.uk](http://www.insight-hr.co.uk).

Extended CV's of the new staff appointed can also be viewed on the web site.
